

Hand-Held Labeling Systems

Meto

- Great for retail, distribution and quality assurance applications
- Communicates endless combinations of pricing and promotional information on a pressure sensitive label
- Assists in inventory control
- Enhances comparative shopping

Sato/Meto offers a variety of one, two and three line Hand-Held Labeling Systems, ideal for low and high-volume users. They allow you to mark thousands of items quickly and reliably. Used for most merchandising and coding applications, they are available in a variety of choices that will suit every customer need. The applications are endless.

Complete A-Z character capability is available, giving you the ability to print your own customized messages. Additional stock print bands allow for tool customization to meet special requirements.

The lock-in print band feature provides greater accuracy when selecting the character's position. With each tool, you can quickly load and exchange ink rollers and label rolls. Engineered for durability and impact resistance, Sato/Meto tools provide years of dependable service.

Kendo & Judo

Primark
